BETTER RACING FOR ALL BOATS INVOLVED

There will be two races held each month between the months of May and September inclusive (**Dates and organizing club Attached**), there is currently between 20 and 30 class three boats racing every week in cork harbour, but unfortunately they are split between different race courses and clubs.

With the combined league we will be creating a common ground for us all to meet up and truly explore the potential that class three has in this harbour. There will be a prize giving dinner in November (Venue TBC). All boats wishing to get involved in this league please contact me on the details to the left for entry forms. Closing date for entries is May 10th 2013.
