International 505 Ovington / Holger Jess No 9203

jimblyth@glen-fab.co.uk

The Boat

Standard white hull and light grey decks

A fully epoxy carbon boat fitted out by Holger Jess complete with a full set of B&M sails.

The Boat has had very little use and is dry stored in a heated Garage when not sailing.

The rig includes Superspars M2 mast with halyard lock fitted, carbon boom, twin carbon flyaway poles.

Fully adjustable rig calibrated by Holger in his "plug & play" system. All controls are led to hand or to the centre case in the boat with the adjustable mainsheet hoop.

The complete hull also includes the tack tick micro compass fitted, centre rear toe straps for windy downwind sailing, ratchet blocks on the main and spinnaker. High aspect gybing board with adjustable lifting pin, high aspect fixed rudder with 10 mill fittings, and carbon tiller extension.

The hull has grey pro grip on the sides and gunwales.

The boat was set up by Holger for Nathan Batchelor of Ovington boats and the hull and spinnaker carry the Ovington logo.

Sail package includes the B&M mainsail, White monster spinnaker and zip luff Dacron genoa. Additional sails are available.

The boat comes with, both under and over covers alongside a fully padded mast and rudder bag.

The package includes a double stacking road base with 10 inch wheels

Price £23,200
